

## A Fistful of Fire: Chronicles of Marsdenfel (Volume 1)

Tales of loathsome kings and prophesied saviors aren't so appealing when you are a royal bastard of prophecy. Evonale Yunan is supposed to somehow free her grandmothers' enslaved people, but she's merely a child, and her father is the powerful fire mage who subjugates the realm. Evonale has therefore fled home, her half-siblings, and the father who really should've been her uncle. Unfortunately, it's the middle of winter. Fortunately, following her mother's directions has put her in another king's hunting grounds. To Evonale's bewilderment, that king picks her up and gives her a place in his castle. The prince seeks her out to tease and befriend. Then one of the cook's daughters starts teaching her magic, and a scullery maid proves herself immune to poison. Evonale isn't the only one with secrets. Thousands of readers have enjoyed this novel on Wattpad, loving the plot, the characters, the honest portrayal of both people and psychological issues.
