

And Another Thing ...: Douglas Adams Hitchhikers Guide to the Galaxy: Part Six of Three (Hitchhikers Guide)

Arthur Dents accidental association with that wholly remarkable book The Hitchhikers Guide to the Galaxy has not been entirely without incident. Arthur has travelled the length, breadth and depth of known, and unknown, space. He has stumbled forwards and backwards through time. He has been blown up, reassembled, cruelly imprisoned, horribly released and colourfully insulted more than is strictly necessary. And, of course, he has comprehensively failed to grasp the meaning of life, the universe and everything. Arthur has, though, finally made it home to Earth. But that does not mean he has escaped his fate. For Arthur's chances of getting his hands on a decent cuppa are evaporating along with the world's oceans. Because no sooner has he arrived than he finds out that Earth is about to be blown up ... again.
