

In the final installment of the Tales of the Otori, the young Takeo meets his destiny, fulfilling the prophesy: You were born into the Hidden, but your life ... is no longer your own. The stage is set: Takeo and his new bride Kaede are on the brink of starting a war to reclaim the lands that are her rightful claim by birth, with a thousand loyal warriors by their side. But much more is at stake, with Takeo sworn to avenge the death of his adoptive father. Kaede, a not-at-all helpless damsel, has also cast a first stone by renouncing the powerful Lord Fujiwara, who considers her his first wife. An imaginary feudal Japan is vividly reconstructed in this magical tale filled with clan rivalries, supernatural powers, shadowy tribes, and true love. Lian Hearn's epic fantasy of a conflict-ridden, mystical world has enraptured fans around the world, thanks to many complex mysteries, fascinating characters, and a riveting buildup to the dazzling finale.
