

Dragonwarrior: Tao of Shadow (The Dragonwarrior series Book 1)

Jonathons ordinary life in modern-day Scotland is haunted by dreams of warrior mystics from Ancient China. The dreams increasingly manifest themselves in his life, helping him to fight off attackers with martial arts he has never learned, allowing him to read a Chinese language he has never seen before, and bringing with it mystic abilities he can scarcely believe. Jonathon embarks upon a three thousand year old mission, started by a sect of Dragonwarrior monks who use the mystical force known as chi. He soon finds himself tracked by masked men who bear tattoos of ancient symbols from his dreams, and he discovers they want to kill him and capture a mysterious girl who seems to hold the key to the future. To survive, Jonathon delves into his dreams of the past to safeguard the future. He must confront the dark shadow in his life: the dream-like ancient warrior presence within him. Only through this figure from his dreams can Jonathon hope to survive the forces arrayed against him, and help the world from the coming darkness. Word count: 95,000
