

Elf Saga, Book 1: Doomsday (Part 1)

Doomsday, Part 1: Blood of the Dragon As Jenavelle and her friends search for a way to stop the coming dragon apocalypse, they'll have to deal with witches and curses, bounty hunters and refugees, portals in time and of course, more than a few dragons. So this is a particularly inconvenient time for Jena to learn she's adopted, and that she isn't who she thinks she is. Explore an epic fantasy world that's as classic as it is bizarre with JENAVELLE, a knight who's sick and tired of fantasy clichés, AMINA, a princess with a fondness for pirates, NIYA, a hard-drinking mercenary in search of her next ex-girlfriend, TOMOE, a shaman who is coping well with her recent resurrection, and LOZEN, a hunter whose hobbies include fine cuisine, high fashion, and excessive violence. Discover the world of Vaenos, where dragons are weapons of mass destruction, faeries are pests, mermaids are monsters, and everyone has long pointy ears! With five heroines inspired by historical warriors and leaders, this modern twist on old-school fantasy mashes up classics like Lord of the Rings with the funny, sexy, self-aware style of Supernatural, Buffy, Archer, and Rat Queens.
