

Filtiarn (The Athol Trilogy, Book 3)

*** Please note this book now contains some material that was previously in Erin (Athol Trilogy, Book 2), as the series has been reworked. *** Erin and Conner have finally broken free of their enchantments, but the fight is still on to rescue humanity. Rosa has plans to overtake their pack and claim the title of Alpha for herself, but its not the only surprise. Filtiarn is still alive, and he plots along with his mother to overthrow and kill Conner and Erin, along with the others who aid them in their cause. But does he have plans of his own? A burning flame still lingers in his heart for one he loves, but he knows she will need more than persuasion to be by his side. Can humanity be restored? And will the Athol pack ever be as one, safe under Erins rule? She and Conner must fight for each other, as well as the lives of everyone they care about, if they are to win the day. A love that has outlasted centuries binds them together, but it might be the final chapter of their story... *** Please note, although the main story is concluded in this book, it is an episodic book of the trilogy, and the story begins with Conner and continues in Erin and Filtiarn. If you prefer standalone books in a series, this is not for you.
