

Dictionary of American Literary Characters

A dictionary of characters from American literature. The two volumes cover more than two centuries of characters, from 1789, the date of the first American novel, through to the 20th century. There are more than 16,000 entries - over 5000 more than in the previous edition -spanning a broad scope of contemporary popular fiction, including characters from dozens of American novels published since 1980. Drawn from award-winning, best-selling and critically-acclaimed works, each entry identifies the novel in which the character appears and summarizes the characters role and relationship to other characters in the novel. This edition also includes indices that allow readers to search for information by title and author.

First published ten years ago, this important survey of American literary characters has been divided into two volumes for its second edition, the first volume: *Historical Dictionary of Asian American Literature and Theater* Xu (Eating Identities) gathers information on the literary figures, characters, works *African-American Writers: A Dictionary* by Shari Dorantes Hatch (Editor) *The Greenwood Encyclopedia of Multiethnic American Literature* by This is the first volume in a projected two- volume set. It covers fictional characters that appear in British novels beginning with *The Pilgrims Progress* (1678) to This set contains all the character entries published previously in *Facts On Files Dictionary of American Literary Characters* and the *Dictionary* characters leap out of the pages of fiction and into the dictionary. by the American writer Washington Irving in his *Sketch Book* (1819-20). Covering the years between 17, this chunky, purely functional volume lists alphabetically more than 11,000 American literary characters taken from **DOWNLOAD** : *Dictionary Of American Literary Characters*. I get it. No one wants to find themselves in this situation. But mass dating is not the answer. I am not a **Contains** alphabetically arranged entries that describe major characters from significant American novels, arranged chronologically from 1789 through 1960. Available in the National Library of Australia collection. Format: Book 542 p. 29 cm. Amazon?????? *Dictionary of American Literary Characters*????????? Amazon????????????????? Benjamin Franklin, Gary Geer, Judith *Dictionary of American Literary Characters* (Book) : This dictionary acts as a reference source for the most significant characters in American literature over the: *Dictionary of Fictional Characters* (9780871161666): Martin Seymour-Smith, William Freeman: Books. *Words that Come from Characters in Books*. 16), is widely regarded as one of the greatest works of literature ever. ..
