

The Warrior: Abes Story, Part 1 (Spellbringers Prequels) (Volume 1)

When Abe is caught in a compromising position with a human girl, his father puts him on the next plane to Central. Torn from everything and everyone he cares about, he struggles to adjust to the harsh demands of the Warrior Training Bureau. After graduation he takes to the field, navigating the breathtaking landscape of Africa and slaying Hunters as he finds them. A battle in the desert results in the death of the greatest enemy the magical community has ever known, and Abe is forced to leave the place he loves more than anything in world. New travels bring new challenges, but will Abe find peace from the demons who haunt him?
