

Hidden Fire (The Five Kingdoms) (Volume 3)

What does it take to face a dragon? When a young wizard named Zollin begins to awaken the magical world, he also sets events in motion that will change the Five Kingdoms forever. In the north a dragon ravages villages and towns. The Kings armies are powerless to stop the beast. Refugees begin fleeing to the larger cities in hope of finding safety. In the south, the Council of Kings plot an invasion. Under the influence of the Torr, a group of wizards who have held the Five Kingdoms in their power for three centuries, they turn their attention to bringing Zollin into their fold. They will stop at nothing to control his power, even if it means the assassination of the Crown Prince. As Zollin and his friends strive to bring peace to the Kingdom of Yelsia, they are faced with harrowing dangers and heart wrenching decisions that threaten to tear them apart.
