

## Vampire Warlords (The Clockwork Vampire Chronicles Book 3)

Legendary warrior Kell must choose to flee the conquered land of Falanor, or fight for its people. Even now it may be too late, that all is lost... for the Vachine invaders have called upon their ancient rulers, semi-immortal bloodsuckers who dwell on the edges between life and death. The vampire warlords have returned, and they will feed. File Under: Fantasy [ The Dark Lords Risen / A Last Stand / A Dandy Torn / Epic Confrontation ] The legend of Kell may have started out as a homage to the work of David Gemmell but I'm pleased to see that it has surpassed that and become something more. The characters are memorable and the action is as good as it gets. The Vampire Warlords is a thoroughly satisfying conclusion to the trilogy. I certainly hope that I get the opportunity to read more of Kell and Saarks adventures in the future.- The Eloquent Page
