

The First Vampire

In his riveting debut novel, *The First Vampire*, John Davies provides an alarmingly plausible explanation of why and how the first human was transformed into a vampire, against a backdrop of factual Eastern European history. The historical insights clear up many of the myths and misconceptions of the Dracula legend. In 1414, a priest and gifted singer from the Curtea de Arges region of Wallachia unknowingly set a chain of events in motion which had the potential to cause catastrophic ramifications for centuries after. Forty-eight years later, Vlad Dracula returned home to Curtea de Arges after a great battle in which he slaughtered fifteen thousand Muslims. Triumph turned to tragedy when he learned that his turncoat brother, Radu, was lurking in the region. Dracula was about to face his greatest nemesis ever. Twenty-first century, reluctant college sophomore, Kristi Johnson, is in a desperate race against time to save her family from complete disintegration. Her father commits the ultimate unspeakable act, and Kristi is forced to find answers immediately. Out of nowhere comes an unexpected possible solution in the form of her unusual classmate, Alex. The paths of the priest, the warlord and the college kid are set on the collision course from hell in this fascinating blend of history, myth and undying love.

The Original Vampires, or simply The Originals, are a group of extremely powerful vampires that are known for being the first of their bloodlines and the first Count Dracula is the title character of Bram Stoker's 1897 gothic horror novel *Dracula*. He is considered to be both the prototypical and the archetypal vampire in *Dracula*. Dracula at first charms Harker with his cordiality and historical knowledge, and The first season of the US TV series *The Strain* ended with The Master, source of New York's vampire infection and one of the oldest vampires - 2 min - Uploaded by Penny Dreadful Catriona Hartdegen (Perdita Weeks) tells Vanessa about the ancient tale of Dracula, the first The first vampires appeared in poetry after a string of unexplained deaths in the Serbian countryside. In the English-speaking world today, vampires are perhaps most famously associated with the region of Transylvania in Romania, thanks to The most famous vampire is, of course, Bram Stoker's Dracula, though those looking for a historical real Dracula often cite Romanian prince Vlad Tepes (1431-1476), after whom Stoker is said to have modeled some aspects of his Dracula character. Dating back 6000

years ago is what is believed to be the first recorded vampire - the edimmu of Mesopotamia (also known as the ekimmu).
