

Chandeliers

In the world of interior design, decorative elements are heating up and chandeliers are back (many looking like nothing you've ever seen before) and grabbing attention. This book is about how to decorate with chandeliers offering ideas and decorating advice for using chandeliers from classic and traditional styles to a more contemporary new look for chandeliers. Whether your own personal style is cool and modern or romantic and baroque, this little, style book offers decorator secrets and how-to-decorate advice for using these lighting centerpieces to brighten, revamp, and renew and add style to tired rooms.
