

Midnight Lamp (Bold As Love Book 3)

Rufus ONiall is dead and the Green Nazi occupation has been defeated: at a huge cost to the three extraordinary people who saved England from the dark. Deeply changed by the sacrifices each of them has had to make, Fiorinda, Axe and Sage are in hiding from their friends and fans on the Pacific coast of Mexico, when they're tracked down by an emissary of Fred Eiffrich, President of the United States. He brings an offer they can't refuse, it's about a movie, allegedly. Sage is drawn to an old flame, Ax has to fight dirty, for the future and against the might of a collapsing superpower, and Fiorinda, her grip on the grand illusion of reality damaged, maybe beyond repair, after what happened at Drumbeg, struggles with a deadly addiction.
