

Octopony (Poniworld Chronicles) (Volume 7)

Mortimer is an octoponyhalf octopus, half ponywho laughs at all the wrong times. But he wasnt laughing the day a gang of waterskiing squirrels kidnapped his girlfriend. Hes a joker, not a fighter, but it turns out the Nazi ponies have discovered an alien spacecraft buried in ice. And so Morty ends up having to travel to the Arctic to foil a nefarious plot to unleash an alien supersoldier into Poniworld. Along the way, he meets a mermaid he helps release from the clutches of a bearded clam. He also meets Santa Claus and teams up with the reindeer for a mission to infiltrate the Arctic stronghold. Its all very exciting and dangerous, and so sometimes Morty has these giggle fits, but its just because hes nervous, so please dont hold it against him.
