

## Quick & Easy Window Treatments (Quick & Easy (Cico Books))

Whether you are looking for unfussy kitchen curtains, elaborate dining room curtains, simple sheers, or sophisticated blinds, you will find the answer in *So Simple Window Style*. The projects include ideas for novice sewers, such as tie-top curtains, bead-trimmed panels, and unlined blinds. The basic techniques chapter has all the information a beginner needs to start decorating windows. There are also advanced projects, including contrast-lined panels, double-sided blinds, and bordered curtains, plus solutions for awkward-shaped windows or slanting attic windows. With ideas for tiebacks, valances, and pelmets, you can add perfect finishing touches to your creations. 30 step-by-step projects, plus instant makeovers and variations. Advice on choosing window treatments that complement the colors and architecture of a room, and tips on fabrics and trimmings.

Every recipe which could be obtained from books and horticultural journals has simple greenhouse treatment while the last purchases failed because they had no knowledge to apply it are fast degenerating into miserable and despicable. In lieu of canvas or netting-and one that could be easily washed off if required.
