

Uncontrollable Beauty: Toward a New Aesthetics

In this acclaimed art anthology, a prestigious group of artists, critics, and literati offer their incisive reflections on the questions of beauty, past, present, and future, and how it has become a domain of multiple perspectives. Here is Meyer Schapiro's skeptical argument on perfection ... contributions from artists as profound as Louise Bourgeois and Agnes Martin ... and reflections of critics, curators, and philosophers on the problems of beauty and relativism. Readers will find fascinating insights from such art theorists and critics as Dave Hickey, Jeremy Gilbert-Rolfe, Donald Kuspit, Carter Ratcliff, and dozens more.
