

Dreadful Skin

I ducked into a niche between a cabin and the pilot house and hiked my skirt up enough to reach down into my garter holster. Ive heard it said that God made all men, but Samuel Colt made all men equal.

Wed see what Mr. Colt could do for a woman. Jack Gabert went to India to serve his Queen. He returned to London a violently changed man, infected with an unnatural sickness that altered his body and warped his mind. Eileen Callaghan left an Irish convent with a revolver and a secret. She knows everything and nothing about Jacks curse, but she cannot rest until hes caught. His soul cannot be saved. It can only be returned to God. In the years following the American Civil War, the nun and unnatural creature stalk one another across the United States. Their dangerous game of cat and mouse leads them along great rivers, across dusty plains, and into the no mans land of the unmarked western territories. Here are three tales of the hunt. Reader, take this volume and follow these tormented souls. Learn what you can from their struggles against each other, against God, and against themselves.
