

Mortality (Serenity Series Book 3)

Leaving his past behind, Quill heads out with the band Pick-Six. Quickly thrust into the lime light of a rock and roll super star he finds his past isn't so easy to leave behind. Alcohol, drugs, and an endless stream of available women push Quill to his limits of restraint. After a night of drunken mistakes he finds out he has more at stake than his sobriety. Relationships on the edge of destruction push at his resolve and Quill must decide how far he will go to win Assad back, even if it means baring his soul on stage. Just as the band hits its stride and success is at their fingertips, Quill's mother comes back into his life. A force he has never been able to overcome. Soon Quill's feelings of responsibility for his family threaten to take him and the band down. Struggling against his demons, Quill must learn to take what he wants before it's too late.
