

## Scions of The Storm (The Storm Series) (Volume 2)

Scions of the Storm is the second instalment in the Storm Series trilogy, and covers the next sixteen years of this epic tale. It concludes the tale of Nathaniel and his daughter, details the rise of the Midnight Man and for the first time reveals hints about the two deadly, but hidden, forces that are using the Twin Kingdoms as a pawn in their eons old game of domination. As Scions of the Storm draws to an end, it prepares the reader for the final episode of this dark bittersweet trilogy and sets the ground work for the final story A Dark and Hungry Storm.
