

## Revenge of the Brotherhood (Book 3 in the Tom & Laura Series)

It is July 1861. Nearly a year has passed since Lord McBride was killed in an atomic blast in the Highlands of Scotland. The treason he committed has been covered up for the good of the British Empire and those who saved the Empire have been punished for their actions. Tom and Laura have been split up and sent in different directions, Tom into the Army overseas while Laura is held under house arrest. The rest of the team has scattered. Cam is in Austria being the spy she always wanted to be while Dougal McBrides has betrayed his friends and vanished. Daisy is with Laura trying to protect her from the Army. Arnold has become a servant for the newly retired Trelawney. There is danger in the offing. The Brotherhood is planning a major operation, and this time Sir Ernest Trelawney appears to be out of the game. With Red Indian raids, rebellions, magic warfare, electric tanks and flying machines, Tom & Laura are going to have their work cut out just to stay alive.
