

The Chamber of Merlin

Rooted deeply in Arthurian lore, The Chamber of Merlin explores the possibility that magic was drained from mother earth 1500 years ago by the wizard Merlin just moments before he was imprisoned by the evil enchantress spirit Niven. Now desperate to regain her physical form, Niven has cracked the seal of Merlins prison, allowing magic to bleed onto earth again. She plans to possess the body of a psychic and continue her search for the long lost city of Avalon where the source of magic is located. This magnificent blend of science fiction and fantasy brings the greatest wizard of them all into modern day society where he will wage the ultimate war between magic and technology.
