

The Secret Year

When the level of distrust and hatred have risen to an all time high, the fate of humanity rests in the hands of one extraordinary young woman. Elizabeth Mendell is a young, confused artist whose perfectly equal division of light and darkness within her soul leaves her teetering on the edge of sanity as she paints her way to redemption and understanding of the task before her. Pre-destined to compete for the very special soul of this woman, two angels, one of darkness and one of light are breathed by the great El Shaddai into bodies of flesh and blood. Elizabeths destiny is to choose between giving herself, body and soul, to the Light or to the Darkness. The path taken by this twenty-first century Eve will determine whether the world will enjoy a millennium of enlightenment, or be plunged into the ride of the Four Horsemen as a great flood of darkness swallows all.
