

On The Path and Other Wanderings

A Pilgrim seeks and finds inner peace. The author, who grew up in Germany during and after World War II, sifts through the warm ashes of her painful memories and restores them with a healing vision. Joyful, traumatic, humorous and puzzling experiences find their reflective voice in this collection of poems and stories on people, animals and encounters. These rhymes and musings will inspire readers to search their own attics and archives of memory for keepsake treasures.

she followed him in his wanderings and looked after him. Synonyms: roving the act of going from one place to another
